Flag question

In our school days, all of us have enjoyed the Games period. Raghav loves to play cricket and is Capt team. He always wanted to win all cricket matches. But only one last Games period is left in school not that he will pass out from school. So, this match is very important to him. He does not want to lose it done a lot of planning to make sure his teams wins. He is worried about only one opponent – Jatin, v good batsman. Raghav has figured out 3 types of bowling techniques, that could be most beneficial dismissing Jatin. He has given points to each of the 3 techniques. You need to tell him which is the m point value, so that Raghav can select best technique. 3 numbers are given in input. Output the maxi these numbers.

Input:

Three space separated integers.
